Direct Investment Opportunities

Our Direct Investment Opportunities offer clients the chance to contribute capital towards the development and operational costs of selected concept enterprises, with a clear profit-sharing model and defined management terms.

Investment Terms

- **Investment Amount:** Investors provide capital to cover the development and operational costs of the enterprises. The amount is determined through negotiations.
- **Profit Sharing:** Investors are entitled to receive up to 49% of the net profits generated by the enterprise, while Fartelj Enterprises Investments retains the remaining, minimum at 51%.

Management and Control

- **Operational Management:** The responsibility for managing the enterprise's day-to-day operations and strategic decisions lies with the investor or an external management team agreed upon through negotiations. Fartelj Enterprises Investments will not be involved in operational management, except for oversight of the overall business.
- **Reporting:** The investor or appointed external management must provide regular financial reports, including profit and loss statements, balance sheets, and cash flow statements.

Risk and Liability

- **Investment Risk:** Investors acknowledge that their investment carries inherent risks, including the potential for total loss. Fartelj Enterprises Investments does not guarantee the financial performance of the enterprise.
- **Liability:** Investors' liability is limited to the capital they invest. No personal assets of either party are at risk.

Profit Distribution

- **Schedule:** Net profits will be distributed according to the negotiated schedule, following the completion of each reporting period.
- **Calculation:** Profits are calculated after the deduction of all operational expenses, taxes, and other necessary costs associated with the enterprise.

Agreement

A formal investment agreement will be drafted prior to the initiation of any investment. This document will clearly outline the terms of profit sharing, risk management, and other key conditions governing the investment.

Legal Disclosures And Terms

Investment Risks

- Risk of Loss: Investments in conceptual enterprises carry a high risk of loss, including the potential loss of your entire investment. There is no guarantee that you will achieve a return on your investment.
- Market Risk: The performance of investments may be influenced by market conditions, economic changes, and other external factors beyond our control.
- Operational Risk: Start-ups may face operational challenges, including management issues, competition, and technological changes, which can impact their performance.
- Regulatory Risk: Changes in laws, regulations, or policies in Slovenia or other jurisdictions where the portfolio companies operate could adversely affect their business operations and financial performance.

Investor Suitability

Investments through FEI are suitable for investors who can afford to take on a high level of risk and who have a long-term investment horizon. Prospective investors should conduct their own due diligence and consult with financial, legal, and tax advisors to determine if such investments align with their investment objectives and risk tolerance.

No Guarantee of Returns

FEI makes no representations or warranties regarding the potential returns or profitability of any investment. Past performance is not indicative of future results. All projections, forecasts, and forward-looking statements are based on assumptions that may not materialize.

Due Diligence

FEI conducts extensive due diligence on all portfolio companies before including them in our investment offerings. However, we cannot guarantee the accuracy, completeness, or reliability of any information provided by these companies. Investors should independently verify all information before making an investment decision.

Confidentiality and Data Protection

FEI is committed to protecting the confidentiality and privacy of our investors. We adhere to all applicable data protection laws, including the General Data Protection Regulation (GDPR). Personal data collected from investors will be used solely for the purposes of managing their investments and complying with legal requirements.

Conflict of Interest

FEI and its affiliates may have relationships or interests that could pose a conflict of interest with certain investment opportunities. We are committed to managing and disclosing any potential conflicts of interest to ensure fair treatment of all investors.

Legal and Tax Considerations

Investors should be aware of the legal and tax implications of their investments. FEI does not provide legal or tax advice. It is the responsibility of each investor to seek professional advice regarding the legal and tax consequences of their investment decisions.
